

# Movilitas.Cloud

Makes Compliance Simple

Refreshingly easy-to-use and simple-to-configure, Movilitas.Cloud revolutionizes the way products are serialized and verified. The validated Software as a Service (SaaS) solution, Movilitas.Cloud, makes compliance for the stakeholders of the life science supply chain simple and efficient.

## Easy to use and instant set up

Movilitas.Cloud's modern and intuitive UI requires minimal to no training, and is configurable to IT and non-IT needs. Forget lengthy implementations. Instead of months, get started in minutes with our self-service cloud. For applications that support scanning, Movilitas.Cloud is extended with a standard mobile app, Movilitas Mobile, that can also be run on industrial scanners.

## Manage your shop floors and business partners with a click

Have full control over your users and devices, access reports and dashboards in one place and configure access rights in an intuitive way, just like you are using a social network.

## Secure and reliable infrastructure

Send and receive information to external SAP applications such as SAP ATTP and SAP ICH or services mandated by national authorities. Movilitas.Cloud is connected to the EU Hub and to all National Medicine Verification Systems in Europe.

## Pay as you use, no risk trial

We'll only charge you if you use our services, and if you cancel within 30-days of signing up, we won't charge you.

## Dedicated support team

Our dedicated support team can help you at any stage if you run into problems. We even provide 24/7 support with one hour response times.

# For All Your Supply Chain Needs

Configurable applications for manufacturers (MAH and CMO), wholesalers, 3PLs (pre-wholesaler), parallel importers, repackers, and hospital pharmacies are tailored to the different legal requirements.

## Manufacturer

Connect to the EU Hub. Manage your serial numbers. Commission and decommission packs. Integrate your ERP, packaging lines, and external SAP applications such as SAP ATTP.

## Wholesaler/3PL

Connect to any NMVS and to your MAH's repository if needed. Verify, decommission, and recommission packs. Benefit from extensive reporting capabilities.

## Repacker

Connect to the EU Hub. Verify, group, commission and decommission your products. Benefit from manual, semi-automatic, automatic repacking support & many more.

## Hospital Pharmacies

Connect to your NMVS. Verify and decommission medicines on arrival to your hospital.

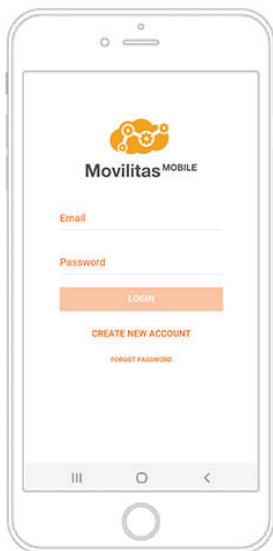

## Movilitas Mobile

Scan your packs with registered mobile devices. Movilitas Mobile can be provided in your local language.

## Movilitas Desktop

Use table scanners to scan your packs even faster.

Download the mobile application:
